

Hi Year 4!

Mrs Shaw here! I am missing you all so much! I hope everyone is well and keeping safe and still trying to do some school work- especially your reading! It would be lovely to hear back from you to see how you are getting on and even hear about some of the excellent learning you are getting up to. Reading is an excellent way to distract the mind and escape from the real world!

Life is definitely very different at the moment. I haven't left the house once in three weeks so I have been keeping busy with planning all of your Art and D&T plans ready for the summer term. I've also been trying to bake! I can't say it has been a great success but hopefully by the end of Easter I should be a professional like Mary Berry! Have any of you been doing a spot of baking? It would be lovely to hear about or see some of your lovely creations! If you haven't already, perhaps you could have a go at baking an Easter cake for your family? Start off simple with just some melted chocolate, cornflakes and some mini eggs to put on top of them (that's what I've done haha)! I've also finished preparing the nursery for my baby. Only a month and a half to go until she will be here! I cannot wait for you all to meet her soon.

I know some of you might be a little bit stressed or anxious during this time but please don't be. Think of this as a time to spend quality time with your family. You will look back at this in years to come and realise how nice it was for life to be a little slower compared to our normal fast paced lives! Has anyone downloaded Disney plus yet? It has been so nice to watch some of my favourite childhood movies like The Lion King, Aladdin and Pete's Dragon!

The good news is... it's nearly Easter! I hope you all get some delicious chocolate from the Easter Bunny next weekend. Don't eat it all at once. I, on the other hand, have been a bit of a greedy monster; I've eaten a fair few chocolate eggs already but I blame that on the baby! Make sure you use the Easter weekend as a time to relax and have fun with your family. Why not play some board games? My favourite is Cluedo and Monopoly!

As well as missing all of my lovely cherubs, I have also missed Miss Carroll and Miss White very much! However, the good thing about being in 2020, is the technology we have! I have been speaking daily with them and using Face time to stay in contact. I know that they are missing you all too. It's important that we talk and share our thoughts whether it's with the ones we live with or our family or friends we cannot see at the moment over the internet.

I hope to hear from some of you soon and I cannot wait to see all of your little faces again! Stay safe, work hard and appreciate the slower life J

Lots of love,

Mrs Shaw xxxx
