24TH JUNE 2022

Message from Mrs McGuigan

We are now well into the very busy summer term and we are racing towards the summer holidays however children are still working hard with a full timetable of events!

The Year 6 children have had an amazing time on their residential trip to PGL in Liddington where they enjoyed a whole host of activities. The activities included; raft building, climbing and throwing themselves down the zip wire and abseiling wall. The children had an amazing time and were exceptionally brave and resilient throughout the week. While the Year 6 children were away the rest of the school thoroughly enjoyed 'Health and Wellbeing Week'. Read on to find out just how much they enjoyed the activities!

The Year 6 children who did not attend the residential trip have made the most of us having the school mini bus and have visited Mead Open Farm and the Snow Centre.

We will be welcoming a new teacher to the school, Miss McCarroll, in September and we look forward to welcoming her to the Holtsmere team. On Friday 1st July you will receive a letter informing you of your child's next teacher, they will spend some time with new classes nearer the end of term. School reports will be sent home on Friday 15th July.

It looks as though the weather will be very warm. Please ensure your child is wearing sun-tan lotion when they come to school and have a hat and a water bottle.

Refugee Week

During the week of 27th June, we will be celebrating Refugee week by exploring the cultural heritage and traditions of refugees living in the UK. Through practical activities including weaving, mosaic design, oral story telling and art, the children will journey from country to country to learn about refugees' cultural heritage. In addition to this, the children will be completing a fundraiser event for the Red Cross 'Miles for Refugees' campaign by taking part in walking 108 miles, the same distance Ukrainian refugees would have had to walk from the Ukraine to Poland, around our school running track.

PGL 2022

The current Year 6 had a fabulous time at Liddington, the following 2 pages show some of their amazing achievements and exciting activities.

Year 4 Paradise Park

Paradise Wildlife Park 20.06.22

The day was amazing, we had so much fun! We went to see the dinos, there was a T-rex that spat water- we got soaked! Then through the glass, we saw the lions wondering around. We also saw zebras, camels, meerkats, emus and some sleeping snow leopards. Then we went to the rainforest area and saw some monkeys and a massive snake. Before lunch, we went to 'base camp' to have a workshop by a worker called Chris who taught us about animals and their adaptations e.g., foxes. **Josh Kain Year 4**

Hazard Alley Y5

On Wednesday 22nd July, Year Five went to Hazard Alley Safety Centre in Milton Keynes. We all had a great time as we learnt how to stay safe in many different potentially dangerous situations.

We created raps about staying safe online. We learnt how to make a 999 telephone calls for emergencies and we took part in a fire alarm drill. All the children and adults had great time and would recommend the trip to anyone who is interested in safety.

By Aram, Tommy, Jack and Olivia Year 5

Health & Wellbeing Week

On day one, we were supposed to do a yoga class but the teacher was ill so we did rounders. We had to hit the ball and run but if they got the ball and the person is not on a cone they were out. We also did football rounders, we had to kick three balls and run but if they got them into the hoola houp and they did not get on a cone they were out.

On day two, we had to run two laps and everyone was very tired and we had to go to the healthy eating workshop and then we came back to do exercise.

I think it was the best week so far and I am looking forward to it next year.

By: Tutu (4A)

Food around the world workshop:

On Tuesday we played an enjoyable game called lacrosse. On Thursday we had a healthy workshop with lots of different activities such as: huge puzzles, an ipad which scans a mannequin and much more. We also a circuits workshop which was sweaty but spectacular! On Friday we had a wellbeing shop about our mental health, we were being actors! There were bundles of activities and bundles of fun.
